

HOUSE RULES

FOR THE
OWNERS' ASSOCIATION

PLANTEVEJ 15-27

PLANTEVEJ'S ORIGIN

The origin of Plantevej dates back to 1935, where the name of the road originated for the first time, but without numbers.

At the time, there was a garden center located on the road, owned by Mr. Kellerup. Hereof the name of our road.

In this brochure, you can read more about the common rules for the owners' association.

REMEMBER

We ensure good neighborliness by following the common rules!

§1 GARBAGE

HOUSEHOLD GARBAGE

Ordinary garbage must be put in properly closed plastic bags, before being put into the garbage chute.

Under no circumstances may glass/bottles or loose items be put into the chute, therefore also not cat litter. These must be put in the containers in the garden. Remember that pizza boxes go in the residual waste container, and not in the cardboard container.

ENVIRONMENTAL STATION

At the end of the garden towards Plantevej you will find containers for cardboard, metal, and plastic. Residents must sort garbage according to the instructions on the containers and/or the instructions found on the website.

Additionally, there is a container for household waste, which can be used for larger items.

BULKY WASTE (STORSKRALD)

Bulky waste is a service provided by Gentofte municipality, to help its residents get rid of big items like furniture, appliances, etc.

Bulky waste is collected every Thursday in even weeks, see the calendar in the hallway. Storage of bulky waste until collection is the responsibility of the owner. Items

not collected, must be removed by the owner. Otherwise the owners' association must order removal which will be paid through the common expenses, and thereby by all residents. Please help each other follow the rules for bulky waste.

Bulky waste should be placed on the side of the sidewalk facing the parking lot.

All smaller or loose items shall be put into transparent trash bags and closed properly.

Construction waste, glass, and mirrors are not bulky waste and must be removed by the owner.

If in doubt whether something is bulky waste, please consult Gentofte municipality's website.

GLASS/PAPER/BATTERIES

Containers for these are located on Plantevej, outside the veterinary clinic and on the corner of Vangedevej/Plantevej.

§2 BALCONIES

Window boxes must not be hung on the outside of the balcony, because of the risk of them falling down. Brackets for these must not be screwed into the aluminum railing.

Laundry must not be visible above the edge of the railing.

§3 SHOWERS

Showering should, if possible, not take place between 11 PM and 06 AM.

§4 PRAMS & WALKERS

Stairways and hallways must be kept clear. Therefore using them for storing bikes, prams, walkers, etc. is not allowed.

These can be fire hazards and can in the worst case hinder the fire department's access to a fire.

§5 RESIDENT'S ROOM

The resident's room is to be found in the basement by entrance 27. It can be used by residents for communal and private events. The key to the room can be borrowed from the chairman, who also is in charge of reservations.

The room can be used between 10 AM and 8 PM. Noise must at no point in time bother the other residents.

Show respect by putting up notes about the event on the noticeboard in the stairway, well in advance.

It is possible to borrow folding chairs, located in a separate room.

The room should be cleaned after use, and things put back in their original places.

§6 BIKES

There is bike parking outside of every entrance. Please use the bike racks, so that bikes are not placed on the sidewalk. Furthermore, there are two bike cellars, one at each end of the building.

We recommend that bikes that are not used every day and bikes that are unusable are stored in your own basement rooms or placed out as bulky waste. In the latter case, it should be marked with a note saying "til storskrald".

The board does occasionally remove unused bikes. The board places notes in advance in all stairways with information about the removal date. In advance, every bike is marked, and it is the owner's responsibility of removing the marking on their own bikes.

Bikes that are still marked at the end date, will be collected and picked up by the police.

§7 FEEDING ANIMALS

Feeding animals and birds is not allowed because it can attract pests.

§8 BOARD

Notify the board in case of defects in the building, outdoor areas, waste pipes, radiators, balconies or wishes for improvements. Everything else is the owner's responsibility.
